

SPM Quick Tips™ Virtual Book Tour

Agenda Overview

In this **free** one-hour webinar, SPM co-author Diana Henry, MS, OTR/L, FAOTA and president of Henry Occupational Therapy Services, Inc., will share information on data-driven intervention, clinical reasoning, interpretation, and data recording using the sensory-based strategies detailed in the new SPM Quick Tips™ and SPM-P Quick Tips™.

The Quick Tips™ are intervention strategies based on the results of the Sensory Processing Measure™ (SPM™) and Sensory Processing Measure—Preschool™ (SPM-P™).

A 15-minute question-and-answer segment will be provided at the end of the presentation.

For full pricing and product descriptions for the SPM and SPM-P Quick Tips, visit www.wpspublish.com/QT.

The webinar is hosted through GoTo Meeting and can be viewed from a computer or tablet. Instructions for accessing the webinar will be emailed to attendees prior to the event.

Attendees will receive a PDF version of the PowerPoint presentation used during the webinar, and two free trial activation codes to administer and score the SPM and SPM-P online.

If you have questions about this webinar, please call Jasmin Stewart at 424.201.8824 or email marketing@wpspublish.com

Using a case study, Diana will demonstrate the workflow on the WPS Online Evaluation System, which includes:

- Initial SPM or SPM-P testing
- Electronic scoring
- Generating a **Score Report**
- Clinical reasoning using the **SPM Quick Tips User Guide**
- Item analysis and choosing sensory-based strategies
- Generating an **Intervention Report**
- Facilitating data recording using the **Quick Tips Record Form**
